by special  
request)

Places limited  
- Book early!

**Jean Gibson** is the National Representative of Care for the Family in Northern Ireland. Her first book, Seasons of Womanhood, has been reprinted several times. Joyful in Hope, to be published in November 2010, contains the stories of 8 different women of all ages who experience God in the most testing of circumstances. One of the women, who will be with us on 2<sup>nd</sup> December is Rosie Cupples from Enniskillen who was told that her two-year-old son had autism. Jean will sign copies of her book in Real Life, which will be open after the event in the restaurant.

**Lorraine Vance** is from Arva in Co. Cavan and works as a chef. She is a talented singer and spends some of her free time singing at events around the country. Her first album, How Deep the Father's Love, has been very popular. Be Still My Soul was released in September and contains a number of lovely inspirational songs. Lorraine will sing a few pieces from her CDs and they will also be available in Real Life.
